

IPS Centennial Mini-Conference October 14th, 2022

How will I benefit from the Centennial in my planetarium?

One year before the Centennial period starts, IPS' Centennial working group will present to all its members and affiliates an overview of the planned projects, and how each planetarium can participate for their own benefit. Join us on October 14th!

Originally this meeting was planned to take place in hybrid form during the IPS2022 conference. Since this was no longer possible, we will now meet online in zoom:

[Mini-Conference Zoom Link](#)

The mini-conference starts on Friday, October 14th, at 3 pm (15:00) UTC
(8 am PDT, 9 am MDT, 10 am CDT, 11 am EDT, noon BRT, 4 pm BST, 5 pm CEST, 8 pm EEST, 11 pm CST, midnight JST)

The mini-conference is open for free to all IPS members and to all affiliate members. We look forward to seeing you in the zoom meeting!

In the first half of the mini-conference, we will present an overview of all individual projects, and how each planetarium can make use of them. In the second half, we will highlight a number of topics for which we would be happy to hear your opinions, and discuss with us!

Schedule (all times UTC):
